GAME TON TOKEN

The **Game Ton Token (GTON)** is a utility token to participate and reward in contests on **Crypto Leagues platform**. **GTON** leverages the native **TON blockchain** of the Telegram wallet.

The purpose of **GTON** is to **participate and win reward** in Crypto leagues platform, as well as to **decentralize its ownership**.

GTON has a fixed 1,000,000,000 token supply overall.

GTON UTILITY

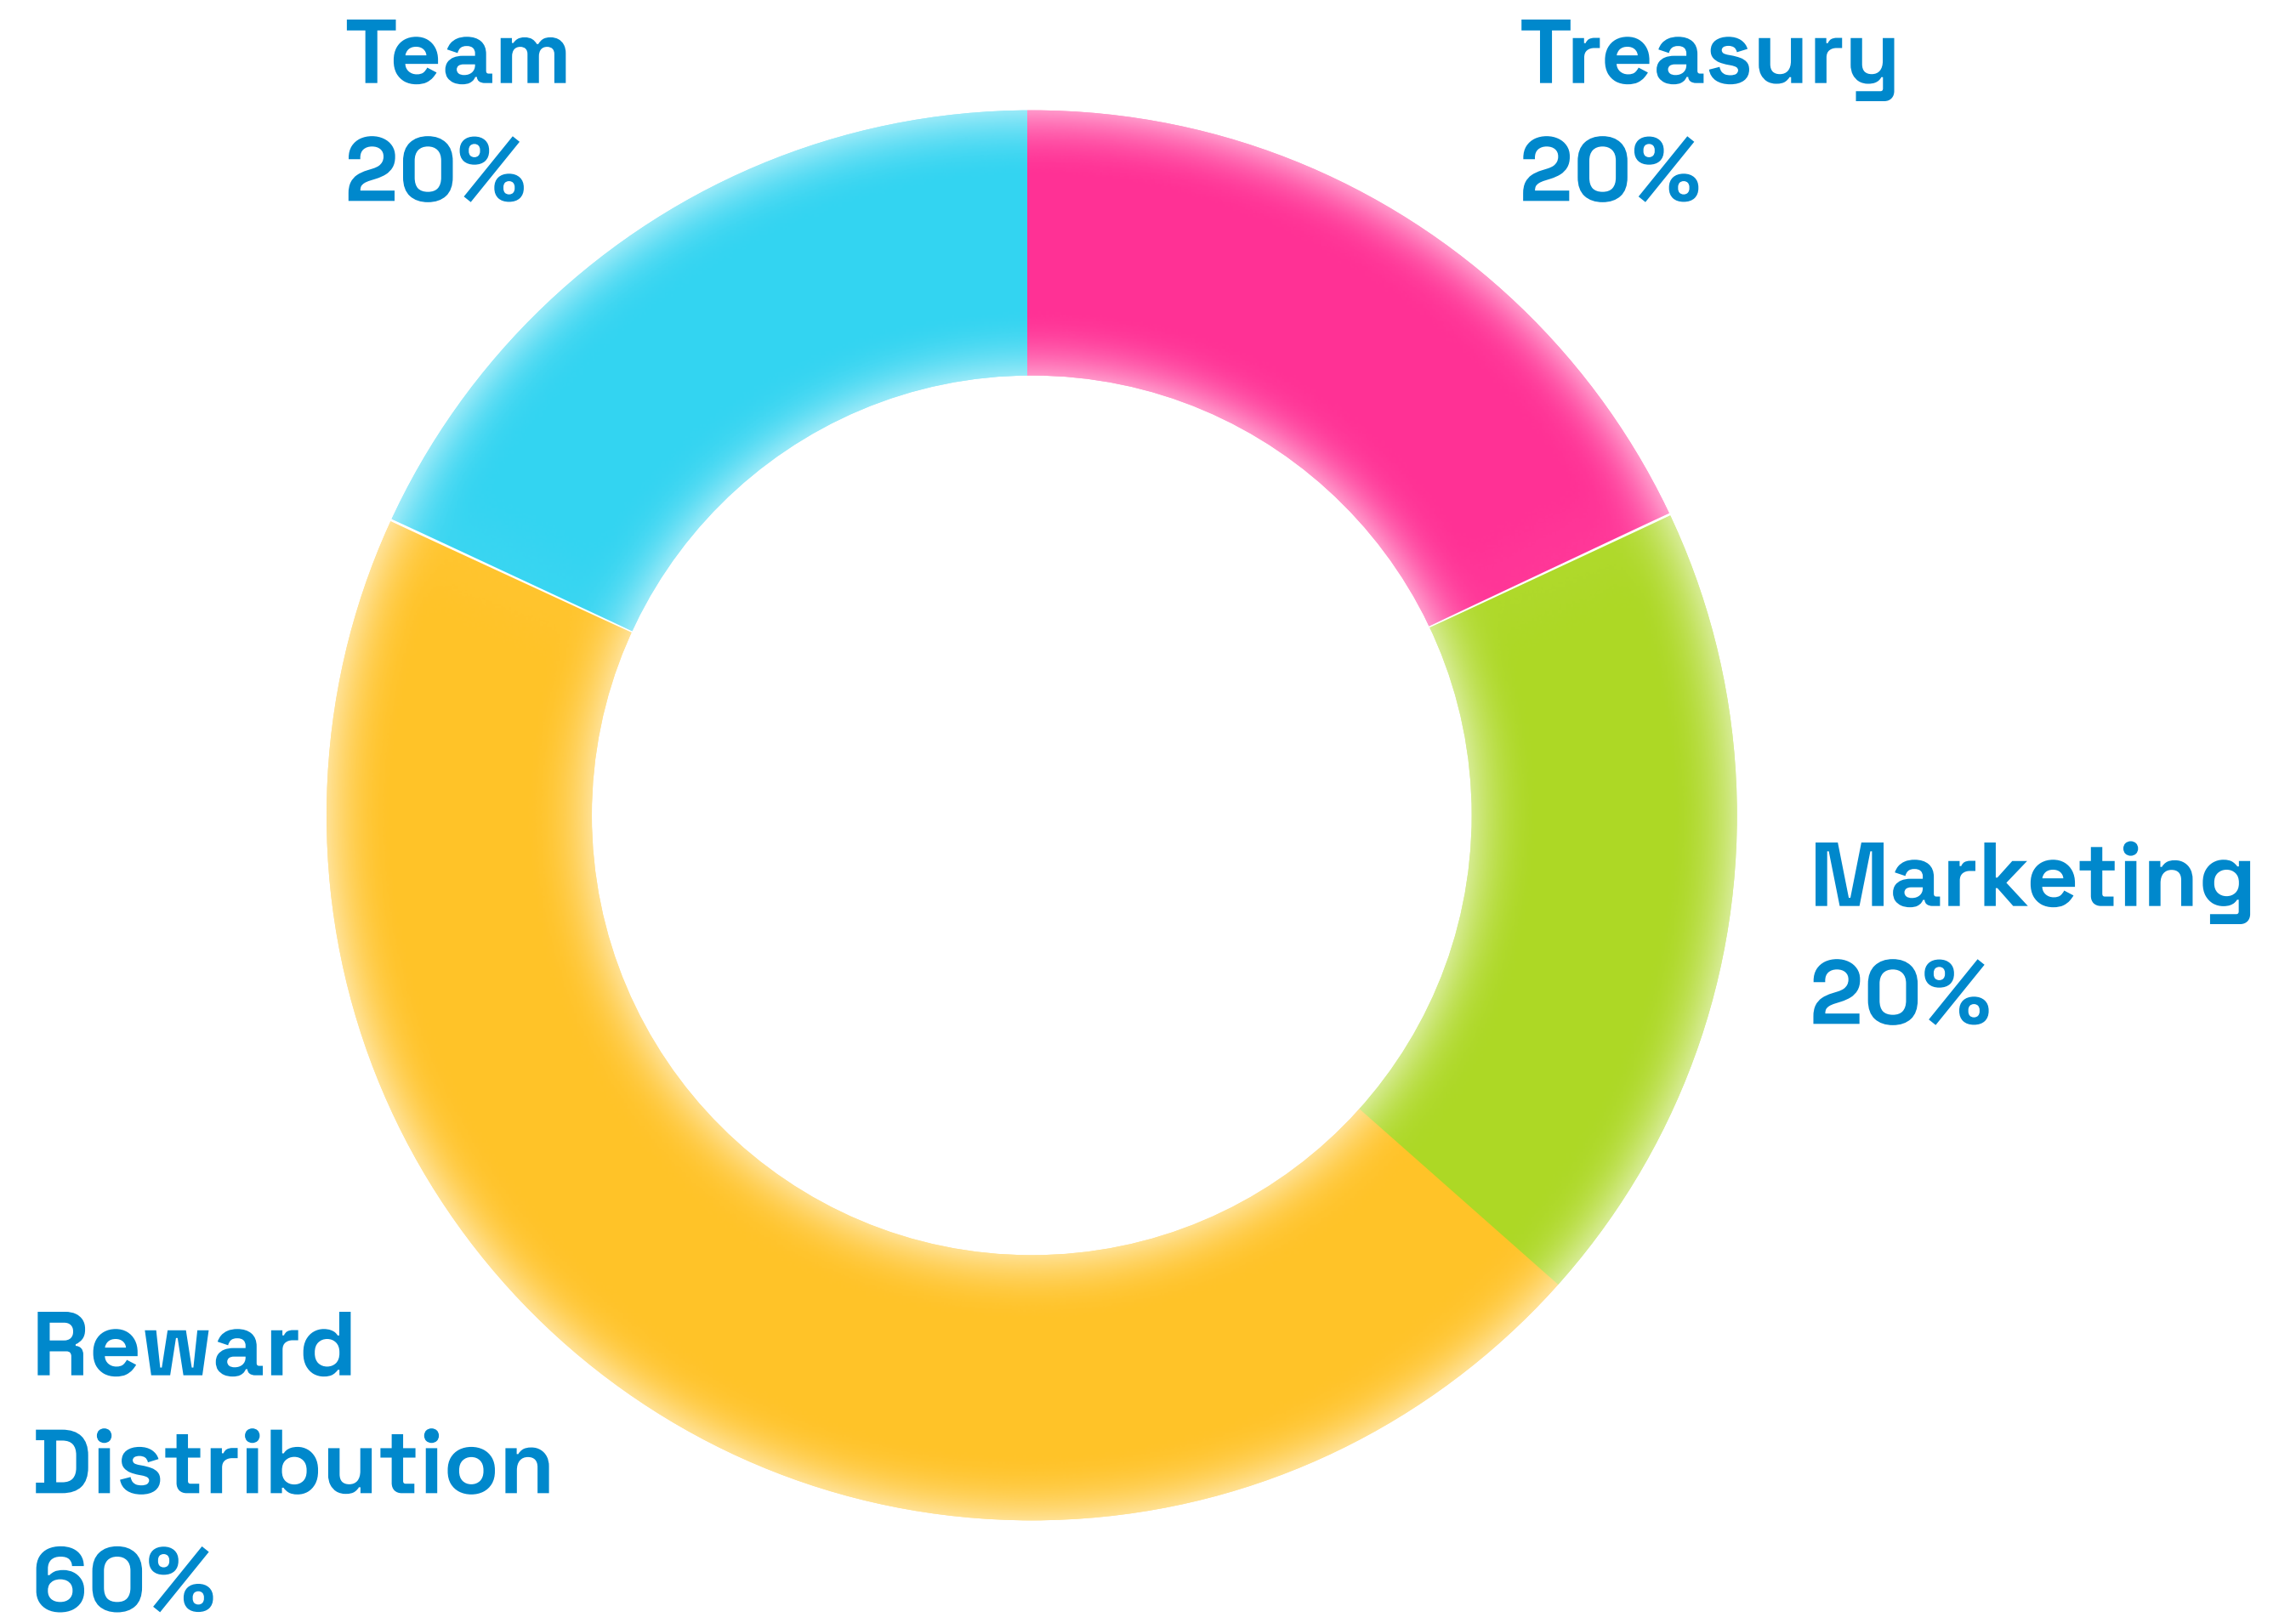

Buy tickets for GTON to compete in **Crypto Leagues**.

Reward distribution in GTON to contest winners.

Create contests for groups with GTON or crypto rewards.

Stake GTON to vote on games and platform features.
